ADA Compliance Statement

We are pleased to inform you that our design for the flower beds and planter boxes for the school grounds has been updated to meet ADA (Americans with Disabilities Act) accessibility standards, ensuring that the garden space will be inclusive and accessible to all students, including those with mobility challenges.

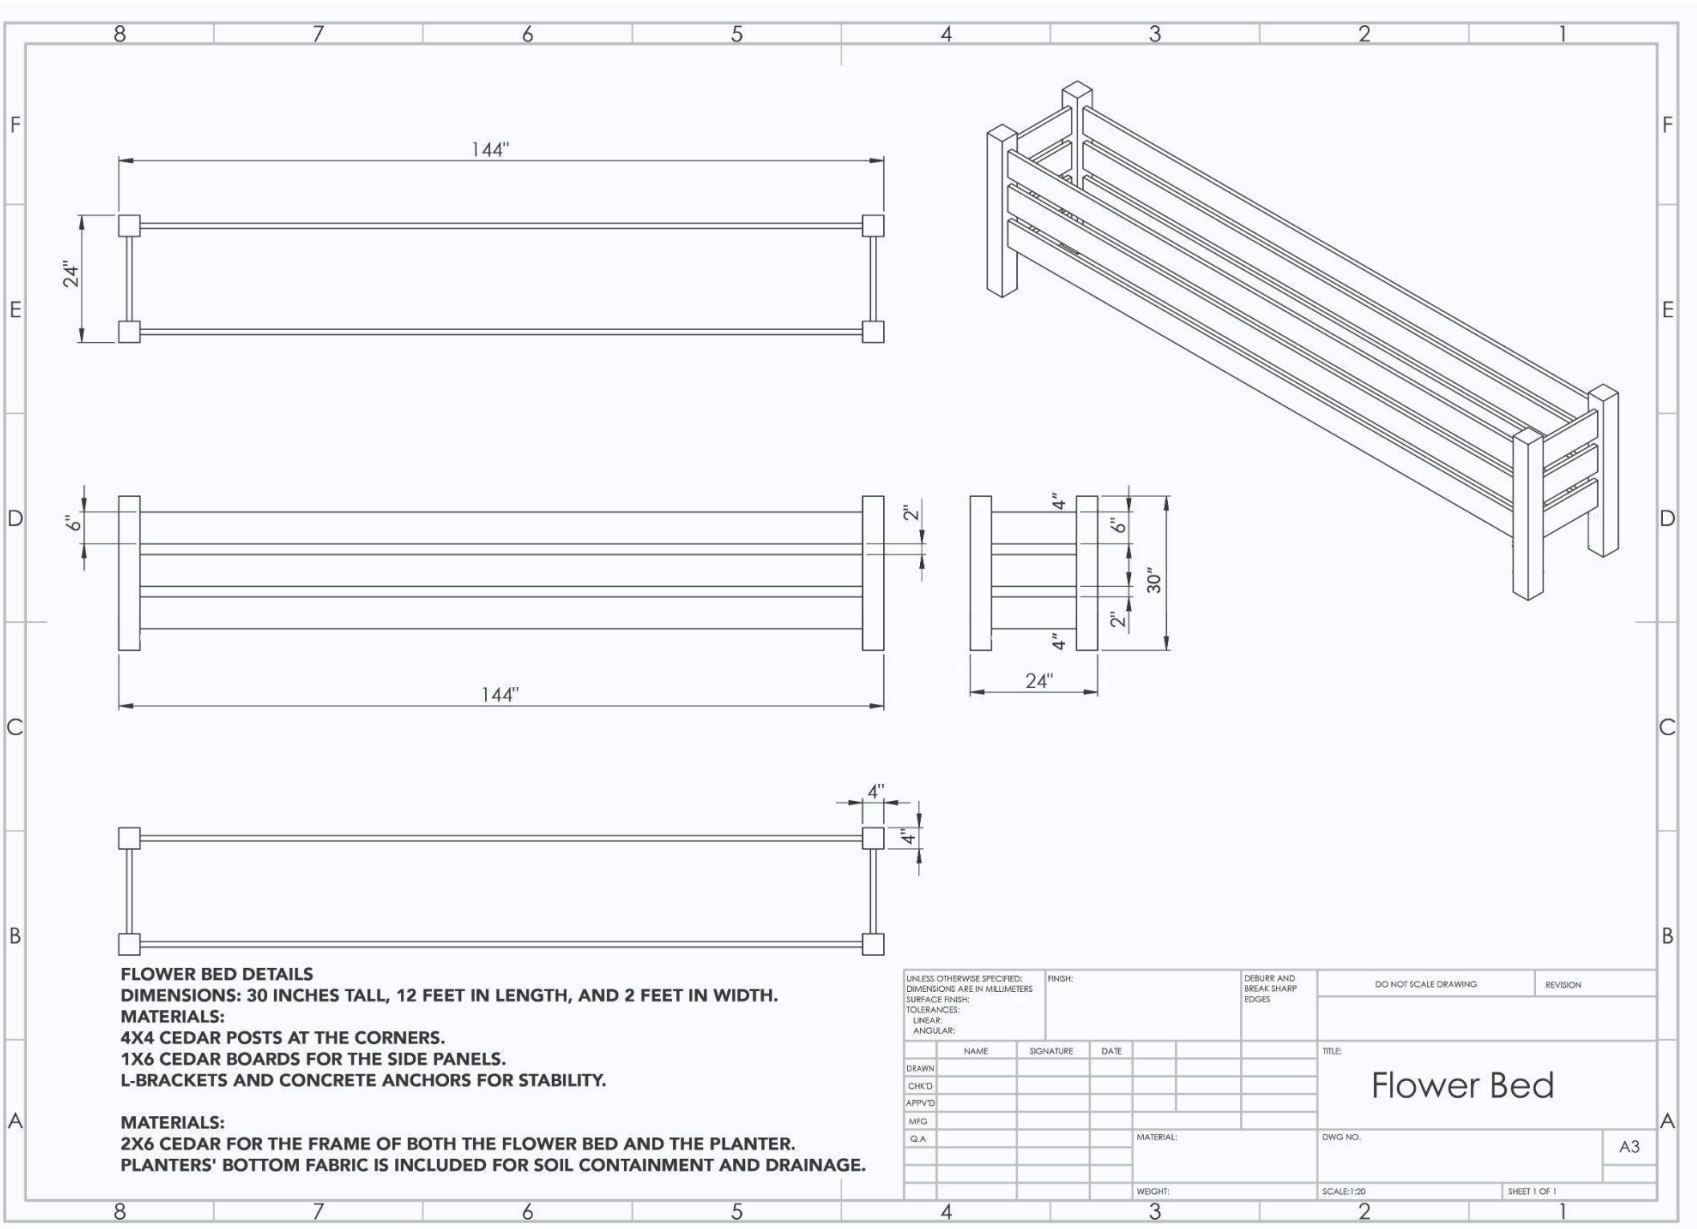

Our modifications include adjustments to the height and width of the planters, allowing wheelchair users easy reach and access to all areas of the garden. Additionally, we have ensured stable pathways, safe materials, and structural reinforcements to create a safe, interactive, and inclusive environment for all students. These changes underscore our commitment to providing an accessible and engaging garden space that encourages exploration and learning for everyone.

Spec Sheet for ADA-Compliant Flower Beds and Planter Boxes

Specification	Details
Dimensions	- Flower Bed Height: 24-30 inches - Planter Width: 24 inches (wheelchair accessible)
Materials	- 4x4 cedar posts for durability - 1x6 and 1x10 cedar boards with smooth finishes
Accessibility Features	- Reach range: 24 inches from edge - Height adjusted for wheelchair reachability
Anchoring and Stability	- L-brackets and concrete anchors for stability and anti-tipping
Pathway Requirements	- 36-inch-wide stable, firm, slip-resistant pathways around planters
Safety Considerations	- Rounded, splinter-free edges - Cedar material treated for durability and child safety
Additional Features	- Bottom fabric for soil containment - Interactive, sensory-friendly plant selections

These specifications ensure that the garden aligns with ADA standards and provides a safe, accessible, and enjoyable space for students of all abilities. We're excited to bring this vision to life and foster a more inclusive learning environment.

BC CHICAGO CARPENTERS
